

THE INDIAN RESEARCH, ACADEMIC & INNOVATION ECOSYSTEM

Connecting research. Advancing possibility.

ScholarVault is an Indian company building a research, academic, innovation and entrepreneurial ecosystem. Academic Intelligence connects the tools, people and opportunities behind meaningful research.

OUR KEY AREAS

A MORE CONNECTED ACADEMIC ECOSYSTEM

01

Discover & review

Conference discovery and SCVS evidence review help you investigate an opportunity before you commit.

02

Organise & contribute

Research Vault, participation workflows and supported records connect knowledge with your next academic step.

03

Identity & impact

Profile, publication and credential context support a clearer picture of contribution.

04

Institutional support

Define a research workflow or scoped departmental pilot. Custom pricing for institutional services.

05

Conferences & community

ICAHCR completed. SVRIAS, ICBSBS, ISIAI-SGS and SVRIDS are planned conference directions.

06

Programmes & collaboration

Workshops, seminars and scoped programmes for academic, startup and industry communities.

OUR PURPOSE

From research to real impact.

Connecting people, institutions and ideas through useful infrastructure.
